Turner's Blue Rigi saved for the nation

With the public appeal raising over £550,000 in just over five weeks, the NHMF – the 'fund of last resort' for heritage at risk – has underwritten the acquisition of Turner's *The Blue Rigi* to a maximum of £1.95m. This grant represents over a third of NHMF's current annual budget of £5m, and means that *The Blue Rigi* is now safe, ahead of the export deadline on 20 March.
